

ROSS HILL PARK CAMPGROUND

COVID-19 UPDATE

These have been the most unprecedented times!

We had hoped to be able to open with some sense of normalcy. At this time, we are unable to meet the rules required by the State of Connecticut Department of Health with regards to opening for the 2020 Memorial Day Weekend.

Given the amount of sites booked, the rules of spacing every other site could not be achieved.

We want to apologize for waiting until the last minute, but these rules have only come to us in the past twelve hours or so and are continuing to change minute by minute.

We will continue to work toward bringing camping back to Ross Hill Park.

I want to thank everyone for their continued patience and understanding.

Please contact the office for more information.

Best,
Gregory T. Pappas
